

# MARICOPA COUNTY DOWNTOWN COURT TOWER

Phoenix, Arizona

- Coreslab was the design assist trade contractor for the architectural precast concrete on the \$339 million, 685,000 S.F. Downtown Court Tower for Maricopa County.
- The project team utilized BIM in the virtual design process which enabled Coreslab to complete shop drawings & begin fabrication before the design was 50% complete.
- Architectural precast concrete components; individual round column covers, custom form liner spandrels, louvered ventilation panels, as well as cast-in lettering in panels.
- Project completion and grand opening is scheduled for February 14, 2012.
