

INTEGRATED MEDICAL SERVICES

Goodyear, Arizona

- The versatility of precast concrete is demonstrated in this 102,000 SF medical building which incorporates an exterior architectural wall panel that supports the precast floor system....no perimeter columns are required.
- Contrasting colors and textures were achieved with an exposed aggregate finish on the lower panels and a sandblast finish on the upper panels.

Owner: Integrated Medical Services

Architect: OWP&P

Engineer: Paragon Structural Design, Inc.

General Contractor: Johnson Carlier
