

GRANITE STREET PARKING STRUCTURE

Prescott, Arizona

Owner: City of Prescott

Architect: Dick & Fritsche Design Group

Engineer: PK Associates, Inc.

General Contractor: Brignall Construction

- The precast spandrels frame into the back of the columns which allows the columns to be accented as a vertical feature of the building.
- Intricate details and shadow lines are achieved with monolithically cast capitals at the tops of the columns and cornices at the parapet spandrels.
- This project consists of 170,000 SF on 5 levels.
