

MANDALAY BAY PARKING

Las Vegas, Nevada

- Coreslab was a key member of the design build team in the development of this 6,000 car parking structure.
- The structure's exterior utilized a form liner mold in combination with ribbed texture and reveals to create a very cost effective and attractive appearance.
- It took over 1.6 million square feet of double tees to build this structure.

Owner: MGM Mirage

Architect: Klai Juba Architects

Engineer: Lochsa Engineering

Contractor: Mandalay Development
