

# SCOTTSDALE QUARTER PARKING DECK E

Scottsdale, Arizona

- Architectural precast concrete was selected as the material of choice to compliment the wide range of façade treatments on this project.
- The structure is designed with 2 levels of parking underground, retail space at ground level and 4 levels of parking above.
- The exterior precast columns and spandrels incorporate colored concrete with a sandblast finish to compliment the exterior façade treatments.

**Owner:** Macerich

**Architect:** Nelsen Partners
