

# TREASURE ISLAND HOTEL & CASINO PARKING

Las Vegas, Nevada

- Treasure Island parking structure was completed by Marnell Carrao and Coreslab Structures (ARIZ) Inc for Mirage Resorts in 1993.
- A key challenge for the design-build team was the “fast track” design and construction schedule, which on this project was vital to the casino resort.
- The 7-story parking structured consisted of 982,500 S.F. of precast double tees and parking for 3,300 cars.
